

Cottage Plantation

Cottage Plantation is a traditional Barbadian plantation for sale, averaging about 400 years old, set on 1 acre of land with several mature Mahogany trees in the parish of St. George.

This property structure comprises of 7,166 square feet of floor area and is intact with original shipbuilding pine floors and mahogany staircase, as well as hurricane shutters. There is also a beautifully preserved mill wall with original bell and coral stone drip water system on the premises.

Cottage Plantation would be a dream for anyone wanting to own a period property and restore it to its former glory. In addition, there are approved architectural plans.

This countryside plantation is centrally located and minutes away from the main ABC highway.
